## STEP-IV

The screenshot shows the Internet Options dialog box in Internet Explorer. The 'Trusted sites' tab is active. The 'Require server verification (https:) for all sites in this zone' checkbox is unchecked. A callout box points to this checkbox with the text: "Un-check 'Require server verification (https :) for all sites in this zone.'"

The background shows the login page for 'hr.cbr.gov.pk' with a 'Sign in to HRS!' button and a 'Login' button. The URL bar shows 'http://hr.cbr.gov.pk/'.
